This and That	7
Membership App.	8
Treasurer's Report	
Board & Committees	9
Meeting Calendar	10

Please send your photos and stories to Peggy Beal at cageliner@raave.com
 Also include any Birthdays and Rescue dates.

Greetings to All Members!

We are certainly in uncertain times! So much of what we would be doing has been changed or cancelled. This sadly includes our monthly RAAVE gatherings. Hopefully all of you will remain members throughout this period of time until we can safely gather together again.

The board will keep in touch through FB, email, and the Cageliner. It will be a joyful event when the time allows us to have a meeting again! Meanwhile, I will work with our editor, Peggy, to put extra items of interest in the Cageliner.

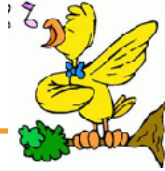

Since we haven't been able to have our raffle fundraisers for a while, a great way to support our club is to do a donation thru PayPal on www.raave.com or Amazon will give us a percentage of your purchases with smile.amazon.com.

I wish everyone and your family good health, good health to your beautiful feathered family, and other furry family members! Keep your spirits up and keep in touch...we hope to be gathering at some point in the near rather than far future!

*Rose Mueller
 Vice President*

President's Perch

Dear Members,

I hope this newsletter finds you, your family, feathered and non-feathered friends safe and well. We have no crystal ball to tell you when it may be safe to resume club activities. We can only hope that may possibly happen in September with safety protocols in place. The only prevention of the spread of Covid-19 is maintaining safe distances between folks, constant hand washing, wearing a face mask and only going out when we really need to. We are keeping up with our web and Facebook pages to update club members on any future activities we may be able to safely have. We are all aware of the cancellation of some of our local long time public events which has been heartbreaking to our community. We feel our planned Flea Market will have to be postponed until August 2021. It is not known when the Sierra Safari Zoo may open so that zoo visitors may once again see the six parrots we support.

They have been well cared for by member/board member Bee Gee Bunch for six days a week since the shutdown. Many thanks to anyone who has donated food or chew toys to the zoo parrots. The zoo has received generous donations to keep it operating and feeding their animals. Cheryl Jones and Steven Higgs have been zoo bound since March and have done all the upkeep and animal feeding with two to three volunteers that have been at the zoo before mandated closures took place. Lastly - fire season is upon us. Please review your plans for safely getting you and your feathered friends to safety in the event of an evacuation due to wildfires.

Sincerely,
Norman Huckle
RAAVE President
